

## The LiftSeat Power Toilet Lift Difference

LiftSeat provides a complete toileting solution for veterans, allowing them to use the bathroom safely and independently in the comfort of their own home. Made in the USA, LiftSeat is the only solution that can progress with your veterans' needs and is trusted throughout VA system hospitals, CLCs and prosthetics programs.

“LiftSeat is really a key to increased independence and increased safety for many of our patients.”

- C. Neumann, OT Manager

# The Science Supporting LiftSeat

## LIFTTEK™ CORE ASSISTIVE TECHNOLOGY

LiftSeat is powered by LiftTek™ Core Assistive Technology to reduce the physical force necessary to support the sit-to-stand (STS) motion path required for getting on and off the toilet. LiftTek is the result of ground-breaking research and product development focused on the biomechanics, kinematics and human factors related to toileting.

## Five Easy Steps to Accommodate Veterans

1. PT/OT/MD downloads and fills out Fit Guide and contacts LiftSeat
2. LiftSeat provides a quotation
3. PT/OT/MD submits consult with quotation to prosthetics
4. Prosthetics orders product for veteran
5. Veteran toilets safely and independently
